## MUM - 'Aideen Red Fire'

Chrysanthemum is from the Greek words, chrysos (gold) and anthoas (flower). The most popular Chrysanthemum form is the "decorative garden mum," which is so packed with long, broad petals that you can hardly see its center.

Aideen Red Fire is a brilliant decorative mum. It has beautiful, lustrous red flowers and is an easy to grow perennial.

Mums prefer to be planted in an area that receives full sun, but most can get by with a half day of direct sunshine. For best growth, plant your fall mums in fertile well drained soil.

Plant at least 6 weeks before a heavy frost to establish itself, therefore increasing its chances of returning the next year! These beauties will grow 18-24" tall, full and bushy, so they should be planted 18-24" apart.

Having good circulation between the plants will help reduce the chance of powdery mildew on your plants.

**Plant it Here!**

- Borders
- Landscape
- Containers
- Ground Cover
- Mass Planting
- Anywhere you want an intense display of color!!

**Extra! Extra!**

- Perfect for Fall landscape
- Multitudes of blooms to embellish borders
- Pinch back in Spring
- Mulch plant in the winter for extra protection
- Color through late Summer and Fall
