SEDAN FLORAL GROWN SAFE™

BRANDYWINE PINK TOMATOES

Brandywine Tomatoes may be the best classic tasting tomato there is. The Brandywine Pink dates all the way back to 1885 so it has had a few years to build its superior flavor and strong reputation. The Brandywine Pink plant produces very large, boat-shaped, reddish pink fruits that are 1-1½ pounds. Although they have a very low yield per plant, you will get nice big fruit to slice for your hamburgers. You should plant them in the full sun and moist well drained soil.
