Petunia - 'Bravo'

The Bravo Petunia produces a velvety green foliage and adorns itself with an abundance of Grandiflora blooms. The compact mounding growth habit and multitudes of colorful, huge blooms makes this a great choice for landscape, baskets and containers! Its blooms are scattered among the foliage and bloom through early Spring, Summer, and Fall. The Bravo Petunia is desired most for its huge blooms, heat tolerance, and mounding growth habit for landscape, beds, baskets and containers. This is a great annual for early Spring, Mother's Day, Summer and Fall. Bravo Petunias prefer sun but can tolerate some shade. They mature to about 8-10" tall and about 10-24" wide. The Bravo Petunia grows best in moist, well drained soil. Please remember, this beauty may need a little extra TLC and more consistent watering when in a container!

Bravo Petunias are available in Blue, Pink, Purple, Red, Salmon, White, and Mix.
