# Tuberous Begonia

Tuberous Begonias feature some of the same wonderful attributes as other begonias. The Dragon Wing Begonia has unique angel-wing shaped leaves and lovely blooms. The foliage drapes gracefully, which makes for striking containers and baskets. It blooms all summer long until the first frost. Begonias prefer part sun to part shade and moist but well drained soil. This beautiful annual that grows near 12-15" tall and spreads nearly 18" wide. Dragon Wings produce many small blooms for your Spring, Summer and Fall beds and containers.

Go Go Begonias produce single and double, large blooms, up to 6" wide. This beautiful plant has a mounding habit and rich green foliage. Go Go Begonias may reach heights of 18" and spread up to 18" as well. It blooms all summer long until the first frost. Begonias prefer part sun to part shade and moist but well drained soil. With its showy blooms, this is a summer favorite for containers and baskets!
