## Impatiens - 'Painted Paradise'

The New Guinea Painted Paradise Impatiens produce a variegated foliage and covers itself with large, bright blooms. The mounding growth habit and brilliant blooms makes this a fantastic choice for baskets and containers! The blooms are approximately 2-3" wide amongst the foliage on thick stems that bloom right up until the frost. These New Guinea Painted Paradise Impatiens are desired most for their wide selection of bright, ever-blooming colors, unique foliage, shade tolerance and mounding growth habit for baskets and containers. This is a great annual for Spring, Mother's Day, Summer, and Fall. The New Guinea Painted Paradise Impatiens prefer shade but can handle some sun. They mature to about 18-36" tall and about 12-36" wide and grow best in fertile, moist soil. Trimming back dead blossoms encourages new blooms. Please remember, these beauties may need a little extra TLC and more consistent watering, especially if in containers!

### Plant it Here!

- Containers
- Landscape Baskets
- Focal Point
- Woodland Edge

### Extra! Extra!

- Looks great in containers, beds, and along borders.
- Plant in shaded areas for gorgeous containers
