Pentas - 'New Look'

The Penta produces a dark green foliage and adorns itself with a multi-flowering bloom. The dense upright growth habit and colorful blooms makes this a great choice for baskets, containers and landscape! Its blooms are atop its lovely mounding foliage that matures to 6-12" tall and about 12-32" wide. It blooms all through early Summer and Fall. The Penta is desired most for its ever-blooming blossoms, heat tolerance, low maintenance and mounding growth habit for landscape, beds, baskets and containers. This is a great annual for early Summer and Fall. The Penta prefers sun but can handle some shade and grow best in moist, well drained soil. The Penta is an ever-blooming producer, but does appreciate being deadheaded to increase the blooms. Please remember, this pretty may need a little extra TLC and more consistent watering when in a container!

The Penta is available in New Look Red, New Look Violet, New Look Pink and New Look White.
