SEDAN FLORAL GROWN SAFE™

CRIMSON SWEET WATERMELON

Nothing is better on a hot summer's day than watermelon juice running down your chin. Furthermore, what could be better than getting it right out of your own garden? Crimson Sweet Watermelon has a sweet, firm, and fine textured dark red flesh. You need to plant them in well drained soil in full sun with lots of room to grow as they get to be 6-10' long. The average size for this annual fruit is 25 pounds. They are light green in color with dark green stripes.

Where to Plant

- Border and Bed
- Focal Point
- Mass Planting
- Ground Cover
