‡Height6-10"

## Snapdragon - 'chimes'

The Snapdragon produces green foliage and multiple blooms on its strong, spiking stems. The upright growth habit and lovely blooms makes this a great choice for landscape, baskets and mixed containers! Its blooms are atop the foliage and bloom through early Spring, Summer and Fall. Chimes is desired most for its ever-blooming blossoms, heat tolerance, drought tolerance, and upright growth habit for landscape, beds, baskets and containers. This is a great annual for early Spring and Fall with blooms possibly slowing in extreme heat. The Chimes prefers full sun but can tolerate some shade. They mature to about 6-10" tall and about 6-10" wide. The Chimes grows best in average, well drained soil. Please remember, this unique plant may need a little extra TLC and more consistent watering when in a container or basket!

The Snapdragon is available in Chimes Mix, Chimes Lavender, Chimes Bronze, Chimes Red and Chimes Yellow.
