## Bacopa - 'Calypso'

Calypso Bacopa has a trailing habit and will produce many small blooms for your Spring, Summer and Fall beds and containers. These beauties will grow up to 4-6" but will spread to about 12-16" wide, so try not to over crowd them! Bacopa prefers the cool Spring and Fall weather, but this angelic annual will bloom all Spring, Summer and Fall with a little TLC! Bacopa prefers full sun but will handle a little shade just fine too. Soil should be moist but well drained. Calypso Bacopa is available in Lavender and White. These are exceptionally lovely in containers, hanging baskets or as a trailing edge with other plants blended with it.
