## Impatiens - 'Paradise'

The New Guinea Paradise Impatiens produce a beautiful, thick foliage and covers itself with large, bright blooms. The mounding growth habit and brilliant blooms makes this a fantastic choice for baskets and containers! The blooms are approximately 2-3" wide amongst the foliage on thick stems that bloom right up until the frost. These New Guinea Paradise Impatiens are desired most for their wide selection of bright, ever-blooming colors, shade tolerance and mounding growth habit for baskets and containers. This is a great annual for Spring, Mother's Day, Summer, and Fall. The New Guinea Paradise Impatiens prefer shade but can handle some sun. They mature to about 18-36" tall and about 12-36" wide and grow best in fertile, moist soil. Trimming back dead blossoms encourages new blooms. Please remember, these beauties may need a little extra TLC and more consistent watering, especially if in containers!

New Guinea Paradise is available in Bright Red (green foliage), New Red (bronze foliage), Deep Pink, Electric Orange, Fuchsia, Rose Flare, Salmon Pink, Light Lavender and Pure Beauty White.

"What you need to know  
to grow plants  
You're proud to show"
