Calibrachoa - 'Callie'

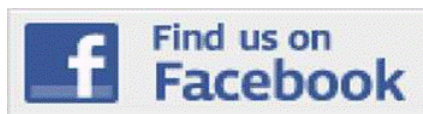

Calibrachoa is a lovely addition to any bed, landscape or container. It has a trailing habit with it reaching heights of 8" and spreading to 16". "Callie" blooms early and maintains blooms throughout the Summer and Fall. It has green trailing foliage and vibrant colored flowers that will brighten the day wherever you may plant it. Calibrachoa prefers full sun but will handle a few hours of shade as well. It prefers moist but well drained soil for it to thrive.

With its foliage becoming loaded with colorful blooms, this is a summertime favorite for containers and baskets! Just remember, plants aren't as "drought tolerant" in baskets and containers!

Plant it Here!

 Edging
 Hanging Basket

Extra! Extra!

- Great border plants
- Beautiful alone as a centerpiece or basket
- Try planting with Zinnias, Celosia and Lysmachia for a beautiful container!
