STRAIGHT 8 CUCUMBERS

Straight 8 is known for its high yields. This plant will produce an 8" dark green cucumber with white flesh.

It is recommended to plant 6-12" apart and 4-5' between rows. The plant will grow 18-24" tall.

Don't forget they can be tender, so protect the plants from frost.

Harvest Instructions

Harvest in the morning when cucumbers are more crisp.

For dill pickles harvest when the cucumbers are three to four inches long

For fresh eating harvest the cucumbers between seven and nine inches long by turning the fruit parallel to the vine and snapping in order to prevent vine damage.

Health Benefits

Contains Vitamins A, B and C
Source of Fiber
