Re: Spring 2022

Dear Customers,

We are excited to kick off another Spring! Our weather lately has been beautiful and our plants are thriving. As you are already aware, the world is changing, prices are increasing all around us, supply chains everywhere are short and labor is scarce.

In an effort to increase efficiency, we are asking for your help. When ordering please order in full shelf increments (can be multiple varieties) with a minimum of 2 per variety. These small changes will help us configure your rack, load your order, and count your order quicker. With your shelves being full, it will help ensure that your plants arrive with minimal damage during transport.

Like always, when Spring gets busy, we will be here. We will be here 7 days a week, providing you with the best plants and customer service possible. We are also finding ways to streamline our processes in hopes to spend as much time with our families as we can! We appreciate all of you and hope you have the best Spring yet!

Thank you for your support!
